

Meeting Agenda

Ballona Wetlands Science Advisory Committee Water Quality Subcommittee Meeting

Monday August 20, 2007
1:00 – 3:00 pm

Loyola Marymount University, North Hall, Room 200

Meeting Objective: The purpose of this subcommittee meeting is for the water quality subcommittee to provide input on water quality issues that affect restoration planning at the Ballona wetlands.

Opening Remarks and Participant Introductions (5-10 minutes)

Review of the Agenda

Purpose of the Water Quality Subcommittee

Membership: Is there other expertise needed to answer water quality question for restoration planning at Ballona?

Review of the Status of Restoration Planning (20 minutes)

Range of current restoration concepts, including options for water sources

Water quality information currently available

Key questions for the Water Quality Subcommittee (60-70 minutes)

1. How does existing water quality impact proposed restoration options? (e.g. can we use the water in Ballona Creek to restore the wetlands?)
2. Will the proposed restoration have any impacts on water quality? (e.g. will the project impact water quality in Ballona Creek or Marina Del Rey?)
3. What information is needed to answer these questions? Data gaps, modeling, monitoring design, etc.

Next Steps (15 minutes)

Adjourn

**Please silence all cell phones during the meeting and be sure to clean up any cans, cups or papers in your area before you leave.
LEAVE NO TRACE**
